MESSAGE FROM THE VICE-CHANCELLOR

Himachal Pradesh National Law University, Shimla (HPNLU, Shimla) has, since its inception, worked towards excelling to become a research-oriented University. The prime objective of HPNLU, Shimla is not only to develop lawyers but professionals with dignified human qualities who serve as precious assets to society and the nation. HPNLU, Shimla endeavours to live up to its mission and vision by combining innovation, inspiration, and intelligence because they form the foundation of the educational system. Our University leaves no stone unturned in channelising the students' intellect towards betterment as a professional.

We toil constantly to enrich our students to develop a superlative acumen of not only the theoretical facets of legal education but also the practical aspects. The University aims at providing its students with an understanding of law in its social, economic, political, and scientific contexts, with course content, engaging lectures, ample faculty interactions, and a resourceful library.

The Batch of 2022, the second batch of the University, has showcased exceptional versatility and embodies the values that HPNLU seeks to inculcate. They have been forerunners in their academic and co-curricular endeavours and, with their dexterity, knowledge, zeal, and spirit of inquiry, will be indispensable assets to any organisation. The students of the 2022 batch through various co-curricular and extra-curricular engagements along with internships at leading law firms, corporate houses, reputed non-governmental organisations, public sector undertakings, under senior litigators, and higher judiciary members have gained the exposure and experience to foray successfully into the professional world.

I, on behalf of the HPNLU family, extend my warmest welcome to your esteemed organisation to come and interact with our students and assess their suitability for your organisation. In this regard, I find it right to mention that recruitment of any of our students is not an expenditure that the recruiter would be incurring but is in the nature of long-term investment that would be made. Lastly, I would bring this message to an end with a quote from Alfred Tennyson's Ulysses, "To strive, to seek, to find, and not yield". We, at HPNLU, keep at the forefront this quote as a guiding force.

Prof. (Dr.) Nishtha Jaswal
Vice-Chancellor

MESSAGE FROM THE REGISTRAR

In these testing times, our batch of 2017-22 has thrived for success and made us proud in all spheres. We are confident this batch is empowered by HPNLU's constructive vision and devotion, which will enable them to meet the challenges and shoulder the obligations of their professional lives. The students of this batch have constantly brought laurels to our University. For themselves and for the future of the legal fraternity, these students have helped mould the University into what it is today. Their dedication and contributions have brought the University to the pinnacle of its success.

We could not have been more pleased with this batch for setting an example for their juniors and the new first-year class by not allowing a global pandemic to obstruct their advancement or divert them from their defined goals. They have not only maintained their academic standing, but have also won moots, debates, presented and published research papers, and have been involved in a range of ways through their student committees. This batch of students took full advantage of prospects to pursue and flourish by volunteering to organise workshops, symposiums, and conventions at the university. They realized the importance of and made judicious use of our library's e-resources, enabling them to develop their legal expertise in real-world scenarios through mooting, clinical exercises, legal aid counselling, and a variety of cultural and literary events.

This batch's ambition to evolve impresses us because of their unrelenting dedication to collaborative learning and achievement. The batch of 2022 inspires our confidence in them becoming proficient in their chosen disciplines, and in helping to transform the social fabric of this country. This brochure will be an aid to getting a glimpse of the brilliance of this batch and we are sure that they are more than capable of surpassing your expectation of them.
